

MARTENSDALE- ST. MARYS COMMUNITY SCHOOL

June 1, 2011

Message from Dr. Bob Newsum
Superintendent

Greetings:

As we officially 'close the books' on the 2010-2011 school year and complete our planning for 2011-2012, it is important that you and your children take a few minutes to review the past year. In my January newsletter article, I suggested that your family take a few minutes shortly after the end of the school year to reflect on the past school term. Celebrate your successes and classroom experiences that you were particularly proud of and consider those instances when things were not as positive or did not turn out as you would have planned. For those less than positive experiences, set goals for your family and your children to increase your chances for success next year.

The Martensdale St. Marys High School Chapter of the National Honor Society held the induction ceremony for new members on Monday, May 16, 2011. Congratulations to Danielle Broadbent, Kayla DePauw, Kelsey DePauw, Katrina DeVore, Troy Harding, Cody Harvey, Hannah Hill, Carli Kenyon, Megan Krumme, Marshall Lynch, Cassidy Phillips, Courtney Scovel, and Ally Wetzler for being selected as the Class of 2013. It is indeed an honor to be selected as members of the National Honor Society.

Two of our teachers were recently selected as Martensdale St. Marys Community School District Teachers-of-the-Year for the 2010-2011 school year. Congratulations to Mr. Mike McAlexander, secondary special education teacher, and Mrs. Tish O'Mara, third grade teacher. These honors are well-deserved and reflect favorably on the positive contributions that Mike and Tish have made!

Thirty-eight senior students were graduated from Martensdale St. Marys on Sunday, May 22, 2011, and the graduation program was very dignified and respectful. Of this year's graduating class, twenty-two students completed their high school career with a cumulative grade point average of 3.0 or higher. This standard for academic performance speaks very highly about the quality of this year's graduating class and certainly sets a high standard for excellence for future classes to achieve.

Our summer sport seasons have gotten off to great starts, with the varsity baseball and softball teams winning their season-opening games. The Blue Devil Baseball Team was

ranked as the preseason top-rated Class 1A Summer 2011 baseball team and we expect our Blue Devil Softball Team to receive a preseason ranking at or near the top of Class 1A.

Recently, you received a 2011 Spring Quarter District Newsletter at your home and one of the articles in that newsletter was a request for candidates to honor with an 'Alumnus Spotlight' feature in the Summer Quarter newsletter. If you know of someone who graduated from Martensdale St. Marys and has brought honor and pride to our district, community, and family through special achievement, invention, discovery, philanthropic activity, or in some other noteworthy manner, please call Bob Newsum, Superintendent, at the district office (641-764-2466), on his cell phone (641-203-8893), or via email bob_newsum@m-stmarys.k12.ia.us with your nomination. I will collect important biographical information for the person selected for the next quarter's Alumni Spotlight and include a recognition article in the next newsletter.

One of the new programs for high school students that were implemented during the 2010-2011 school year was the one-to-one laptop computer program. This is an excellent program, but requires continual repairs and upgrades for the computers. At the regular May 10 board meeting, your Board of Education approved a \$50.00 computer use fee for all high school students and this fee will be included with other registration fees for 2011-2012.

From the Desk of Mr. Crozier
Secondary Principal

Principal's Message

The Graduation ceremony on May 22nd was a celebration for our community. I am very proud of these 38 students who completed the requirements for graduation. You are now ready to go out into the world. Some will continue their schooling at a post secondary school, some will enter the military, and some will enter the work force. I wish the best of luck to all the seniors who earned their diploma this year. Congratulations to all of you and your parents for a job well done.

I want to say thank you to everyone who made the Every 15 Minute project possible. A special thank you to the Martensdale and St. Marys Fire and Rescue teams that participated. I know some of you took the day off work to make this event possible. Thank you to Veronica Knickerbocker, Liberty Davidson, and Manda Gibson for volunteering their help with photography and make up. The

entire community helped make this project happen. This shows how much you all care about the youth in our community. Thanks again for caring about our students.

I want to congratulate next year's class officers:

Biggest Loser!

This year the MStM staff got together for a friendly little weight loss competition and produced some television worthy results!! We had 25 staff members volunteer to play for 8 weeks. If you decided you wanted to participate you could do individual weight loss or create teams of two. Everyone chose their own method of losing the pounds, and we started seeing results almost immediately. Weigh in was on Fridays and it was always fun to see who the winner for the week was going to be!

Weekly winners were awarded a most coveted prize...the ability to wear jeans for a week! Everyone danced, ran, lifted, boot camped and dieted their way through an 8 week journey that was occasionally frustrating, but usually gratifying, and on our final day we crowned our biggest losers!! Mrs. Franey was our Individual Biggest Loser and Don Hatcher and Lori Hager were our Team Biggest Losers.

Congratulations go out to everyone that participated because when all the weight loss was calculated our 25 staff members lost a total of 385 pounds, and that is amazing.

Several staff members have chosen to continue on with their weight loss or maintenance of their new lighter versions of themselves....so we will be seeing them at the scales on Fridays. Good luck to everyone who is working on choosing a healthier lifestyle!

We are looking forward to adding more fun ways to improve our health through our wellness program so look for more articles in the future!

This second semester of library was spent mostly in the computer lab learning tech skills. Students from kindergarten to sixth grade learned how to use the computer, its software, and some websites to expand and/or express their learning. Some of the most important things we discussed were internet safety, copyright, and how to tell good websites from bad.

In addition to learning about internet safety, students also learned how to look up information and apply it to something new. First grade researched different animals (www.worldbookonline.com), second grade did an amazing job researching different planets

(<http://solarsystem.nasa.gov/kids/index.cfm>) and then creating PowerPoints for their information. Third grade also created PowerPoints as they learned different things about Iowa. Fourth and sixth grade created online posters called Glogs (edu.glogster.com) to show the information about the topic they researched, which they were allowed to choose themselves. Finally, fifth grade extended their biography projects from their reading class and created PowerPoints too. They also spent some downtime learning about and creating fun stories on Storybird.com, which is a fabulous collaborative writing website for all ages.

While the older students were researching, kindergarten was also getting computer experience through author websites. In library, we'd talk about different authors, read some of his or her books, and then visit the author's website. I think the kindergarten's favorite author site belonged to Mo Willems (www.mowillems.com), where they learned more about the various characters from Mo Willems books and were able to play some games.

Overall, it's been a fun semester and a great year in library.

From the Desk of Mrs. Sherwood **Physical Education**

The physical education classes took the presidents physical fitness test the last few weeks of school. The following students passed all five parts and will receive a patch for their work. In eighth grade, Nicole Shutt, Gentry Davidson, and Emily Murphy. In the high school Shannon Snyder and Cassidy Phillips completed the tests.

From the Desk of Mrs. Clark **Vocal Music Dept.**

Elementary music helps students with all aspects of their education. We learn to have a steady beat (spatial), fractions of notes, rhythm patterns, reading music (applying the X and Y axis), and using symbols. These are all math skills. With reading, students learn new words as the language of music is Italian. We learn teamwork as we play games for assessment. This year I have included using the internet for music learning. One of my favorite sites is Classicsforkids.com. This web site has music education and games that children love to play! Another favorite is Finale Notepad found at www.finalemusic.com/notepad, this allows you to download a free music writing program. It's great! There are others of course that you can choose from, but this one works for me.

Early in May, students welcomed R.J. Hernandez to MStM. He taught us about the instruments of Mexico and even allowed the children to play them! The next day after the workshop, Hernandez brought his professional group and they entertained the students and teachers with their mariachi music! His name around school is "Mr. H." and all the children appreciate him and his love for music!

Next year, the elementary music students will be located in the high school music room. All music classes will be taught in

this room. There have been a few changes of rooms, and this will be one of them. Thank you to all the students who have helped move all of the musical instruments and supplies!

The high school Treble Chorus participated in Large Group ensemble at Earlham and earned a III (3) rating for a good chorus!

Both the junior high and high school choruses will be entertaining at Adventureland on Thursday, May 27th. Students have been looking forward to this trip all year!

Looking ahead to next year, several of our high school students will be attending the All-State music camp at Iowa State in August.

Thank you to all the parents who have supported their students' musical education with their presence at concerts supported the fundraiser, and all the cookies for the receptions! Thank you to the Music Boosters for all of their help both physically and financially! Thank you to the administration for supporting the music education of MSTM students!

As we wrap up another exciting year, I would like to congratulate all of the fifth and sixth grade band members for their dedication to the band program. I am very proud of all of our elementary band students and am excited to return next year to work with all of you.

The fifth and sixth grade band had their first concert on May 13. After two combined rehearsals, the group did a wonderful job of performing their concert selections and learned a lot about concert preparation.

In the month of July, I will be sending information to students and parents about the "Kickstart Program" designed to give all students a head start in band for the upcoming year. More details will be available at that time.

Have a wonderful summer!

Make Quality Time Out of Everyday Activities

You hear a lot about “family time,” but what does it really mean, and why is it important? Learn the essentials by reading these tips:

TV time, surprisingly, can be turned into family time.

You wouldn’t think that watching a TV show or movie with your children could be counted as family time but, with a little bit of creative effort, it can be. Use commercial breaks to mute the sound and talk about what you’re watching. Share your feelings about whether the story is believable. Ask their opinions about what they think will happen next. See if they can compare what you’re viewing with the story plots in other movies or books.

Turn everyday chores into a time to bond.

The key to making quality time out of the most ordinary everyday chores (like cooking, picking up, cleaning, and doing laundry) is to turn them into opportunities to talk with your children. Folding your child’s sports clothes together can lead into a conversation about how the team is doing and how he or she feels about the activity. Grocery shopping can spark an interest in teaching your child to prepare a meal. Even good-natured griping together about how messy a pet is, or how much trash there is to take out that day, can create a kind of quiet kinship and bond between parent and child.

Remember to chat, rather than interrogate.

The quickest way to shut down good family time is to turn it into a type of police interrogation. Certainly there may be times when you need to prod your child for answers about things that are concerning you, but make sure that during casual family time together you keep the “interviewing” to a minimum and concentrate on relaxed conversations.

Homework time can be a time to bond, too.

Try to schedule your bill-paying and other household paperwork for when your children are doing their homework. Give them a sense that you’re all in it together—it’s just that each of you has a different kind of work. You’ll be providing encouragement just by being with them while they work, and being available if they have questions or need extra help.

One-on-one time is extra special.

If you have more than one child, try to find time each week to do something special alone with each of them. It can be as simple as a walk after dinner or an out-of-the ordinary errand (you’d be surprised how many children find it fascinating to go along to the auto mechanic, for example). Just showing them that you value them as individuals can mean the world to them.

Split households need to unite in their commitment.

If you and your child’s other parent live separately, try to make an agreement that each parent will work on spending quality family time with each child each week. Discuss how quality time means interacting with the child, not just being in the same household.

Games never go out of style.

Board games and card games are ideal ways to get families together to relax and have fun as a group. Look for games that appeal to your child’s interest and age level (garage sales can be goldmines for inexpensive games that kids have outgrown), and set aside a bit of time every week to play a few rounds. Yes, you’ve got a lot to do—and so do your children. But when you think about it, there’s really no better way to spend your time than by strengthening the bonds between your family members. The pay-off is priceless.

From the Desk of Mrs. Pribil

Counselor’s Corner

Wow! It’s hard to believe that this is the last newsletter for the school year. During the month of May your child finished learning and discussing our last Character Counts pillar Citizenship. We also did some career awareness activities in grades 3-6. It’s always fun for kids to share what they would like to be when they grow up. Every class got the chance to read cards made by the students in the grade above them. This gives students the opportunity to find out what they will learn

about next school year. Ask your child what he or she is excited about for next year and if they have any concerns. Talking about these things will make transitioning to the next grade go much smoothly.

I hope everyone has a fun and safe summer break! See you in August ☺

3) Curriculum Director's Report
Josh Moser

Mr. Moser will be presenting a Data Day on April 13th for grades 3-12. He has begun planning for professional development days for 2011-2012 and developing expectations for technology. He attended a Curriculum Network Meeting on April 1st where they discussed and shared documents, strategies, common problems and successes. During the April 1st meeting, Jason Glass, the new Director of the Iowa Department of Education, presented to the group and discussed clarity in standards and new accountability systems, the Iowa Core and Common Core merger and what the distinct role for the State in education is.

Mr. Moser is currently working on changes to secondary English/Language Arts, Science, and Technology for 2011-2012 school year. He announced to the Board that the District was not selected for the Qwest Mini-Grant application but received

many suggestions to improve the application for next year.

The Quality Support Committee Spring Meeting will be held on April 28th. Items on the agenda include the Annual Progress Report, setting 2011-2012 goals, the Iowa Core/Common Core Overview, the 1:1 Laptop Initiative, and the 2011-2012 Professional Development days.

4) Superintendent's Report
Supt. Newsum
Mr. Newsum informed the Board that he has developed transportation logs for the activity vans, and he is in the process of setting meetings with the different classified groups and revising the Classified Handbook for 2011-2012.

VI. New Business

A. Approve Personnel Recommendation

Supt. Newsum

The search is still on for a JH Baseball Coach. A couple of interviews have been done and an ad in the Indianola paper was done and the job description was added to the REAP program.

Shutt motioned to approve Brian Spanhut as JH Girls Track Coach due to the numbers on the team, and Amber Walker as JH Softball Coach pending on the return of the background checks from both applicants, seconded by Anderson. Roll call: 4 ayes.

B. Approve Expenditure of Funds to Distribute Quarterly District Newsletter Supt. Newsum

Mr. Newsum, Mrs. Harper, and Mr. Anderson have been meeting with the District Communications Advisory Committee to consider strategies and methods for improving our communications with community patrons. The district currently publishes an electronic monthly newsletter and Mr. Newsum has described his plans to create a quarterly printed newsletter and mail it to all district box holders who reside in Warren and Madison counties. One of the cost savings decisions made by the board last spring was to eliminate the distribution of a printed newsletter. We have calculated the cost for creating, printing, and mailing a quarterly printed newsletter and those costs are listed below:

Postage permits to distribute printed newsletters to box holders (one time annual expense) \$ 85.00

Actual postage to mail quarterly newsletters to 550 box holders \$122.00 X 4 quarters \$488.00

Cost per page to print an 8-page quarterly newsletter
\$0.009 X 8 pages times 550 newsl. X 4 \$158.40

Cost for paper ledger size X 2,200 pages per quarter
X 4 quarters \$125.00

Total: \$856.40

Mr. Newsum recommend that the board authorize the \$856.40 expense for publishing a printed newsletter for all district box holders who reside in Warren and Madison counties, beginning with this spring's issue.

Gibson motioned to approve the funds to distribute a quarterly newsletter beginning with this spring, seconded by Shutt. Roll call: 4 ayes.

C. Approve Supplemental Resolution – ISCAP

Supt. Newsum

Shutt motioned to approve the Supplemental Resolution authorizing and providing for the issuance and authorizing and directing the final terms and conditions of the sale and delivery of Warrants for the Fiscal year ending June 30, 2012, and amending the Master Resolution, seconded by Anderson. Roll call: 4 ayes.

D. Approve 2010-2011 Budget Amendment

Supt. Newsum

Gibson motioned to approve the 2010-2011 Budget Amendment that was published in the Record-Herald and Indianola Tribune on March 23, 2011, seconded by Shutt. Roll call: 4 ayes.

E. Approve 2011-2012 Budget Supt. Newsum

Gibson motioned to approve the 2011-2012 Budget that was published in the Record-Herald and Indianola Tribune on March 30, 2011 at a tax rate of \$19.22194 with the intent to possibly lower the rate to the current property tax rate of \$18.73 after the Legislature sets the Allowable Growth rate for FY12, seconded by Anderson. Roll call: 4 ayes.

F. Approve Resolution of Participation in Instructional Support Levy Supt. Newsum

Director Scott Anderson introduced and caused to be read the Resolution hereinafter set out and moved its adoption; seconded by Director Wade Gibson; after due consideration by the Board, the President put the question upon the adoption of said

Resolution and the results of the roll call vote were:

Aye Scott Anderson, Wade Gibson,
Dave Shutt, Nicole Bunch
DIRECTORS

Nay _____
DIRECTORS

Whereupon the President declared said Resolution duly adopted as follows:

RESOLUTION

WHEREAS, the Board deems it necessary and desirable to provide additional funding for the Martensdale St. Marys Community School District generated by participation in our Instructional Support Program; and

WHEREAS, pursuant to duly published notice, the District held a public hearing on the question of participation in such a program; and

WHEREAS, the District wishes to take action to adopt a Resolution to participate in an Instructional Support Program;

NOW, THEREFORE, be it resolved by the Board of Directors of the Martensdale St. Marys Community School District, in the County of Warren, State of Iowa, as follows:

The Board of Directors of the Martensdale St. Marys Community School District in the County of Warren, State of Iowa, does hereby resolve to participate in the Instructional Support Program for a period of five (5) years, to levy annually, as determined by the Board, an instructional support property tax upon the taxable property within the District commencing with the levy of property taxes for collection in the fiscal year beginning July 1, 2012, and an instructional support income surtax imposed annually for each budget year, the percent of income surtax (not exceed twenty percent (20%)), to be imposed upon the state individual income tax of each individual income taxpayer resident in the District on December 31, 2012, and each year thereafter.

The funds thus collected, when combined with Instructional Support State Aid shall not exceed ten percent (10%) of the regular program district cost, including the budget adjustment pursuant to Iowa Code § 257.14

for any budget year. Instructional Support Program funds may be used for any general fund purpose.

That all resolutions or orders or parts thereof in conflict herewith be and the same are hereby repealed to the extent of such conflict.

Passed and approved April 11, 2011.

G. Confirm – Next Meeting Dates Supt. Newsum

Due to upcoming track meets the Agenda Meeting will be held on May 6, 2011 at Noon by a conference call and the Board Meeting will be held on May 10, 2011 at 7:00 p.m.

VII. Adjournment

Gibson motioned to adjourn the meeting, seconded by Anderson. Roll call: 4 ayes. Time: 7:44 p.m.
