

MStM Teachers Are Appreciated!

Students at Martensdale-St Marys Community School District have been busy secretly preparing to show their teachers how much they are appreciated during Teacher Appreciation Week, which occurred this past May 2nd - 6th.

With the help of our art teacher, Mrs. Twaddell, junior high and senior high students made colorful posters to give to their teachers. Along with signatures from the students, the posters included favorite interests and hobbies of their teachers, which really illustrates the strong connections we share here at MStM!

With the help of our librarian, Mrs. Grafft, and library associate, Mrs. Blaisdell, the younger elementary students colored and decorated cards with personalized messages to give to their teachers. Older elementary students created personalized messages for their teachers using the Canva website from their Chromebooks.

Martensdale-St Marys' teachers truly care about their students and our students love and appreciate their teachers. We are very fortunate to have experienced and caring teachers who go above and beyond every day for our MStM school community. Thank you for all that you do. We greatly appreciate and value all of you!

- Jodi Noga, Facilitator of Teaching and Learning
